SHAMEEN SENSATION.

DEMONSTRATORS FIRE ON CONCESSION.
FRENCH MERCHANT KILLED: BRITISH SUBJECTS WOUNDED.

Canton, June 23.

Thousands of students, workmen, citizens and soldiers paraded along the Bund around the European quarter and opened fire opposite the Victoria Hotel in the British Concession.

British and French marines replied with machine-guns, the firing lasting twenty minutes.

The French merchant, Mr. Pasquier, and the Commissioner of Customs, Mr. Edwards, were killed, whilst one British marine and two civilians were wounded.

All the evidence indicates that the Chinese fired first.—*Reuter.*

Later.

Mr. Edwards was wounded, and not killed, as previously reported.—*Reuter.*

British Naval Version.

The Naval authorities here state that while they are not prepared to say that *Reuter's* wire is grossly exaggerated, their own information is of a modified nature. The report of the occurrence received by them is to the effect that whilst a more or less peaceful demonstration was taking place in Canton yesterday at about 2.30 p.m. a band of students at the end of the procession suddenly opened fire on the Shameen, killing one French citizen and wounding a number of British subjects. British seamen watching the procession, and seeing the students firing with H.M. Constitute General and the British Senior Naval Officer in the line of fire, discharged their rifles. They were immediately ordered to cease fire and did so, and soon afterwards firing from Canton stopped.

The Naval authorities state that, as far as their information indicates, there is no reason to suggest that the British seamen fired at the students.

There are five British gunboats in Canton at present time, the *Taran-tula*, *Moth*, *Moorhen*, *Robin*, and *Cicada*.

MR. EDWARDS NOT KILLED.

ONLY SLIGHTLY WOUNDED.

Later enquiries show that Mr. Edwards was not killed but was wounded and is coming down to Hongkong for treatment.

The information received by the Commissioner of Customs for the Kowloon District is to the effect that there was a peaceful procession in progress when a small party opened fire from the Bund on to the Shameen. It is true that one French resident was killed, but Mr. Edwards was only slightly wounded and has sent a telegram to Hongkong to-day stating that he is coming down here.

There is an absence of definite information regarding the number or identity of the other people wounded and also nothing authentic regarding the effect of the return fire upon the Chinese. Even the Hongkong Government had heard, this morning, of a rumour stating that about 300 students had been killed but this is, obviously, untrue. The news of the affair was first received here by the Naval authorities late last evening.

ANOTHER VERSION.

MANY CHINESE CASUALTIES REPORTED.

The comprador of Messrs. W. A. Hannibal and Co., who was in Canton yesterday and returned by the *Sai On* was interviewed by a *Telegraph* representative this morning, and he stated that the students and workmen were in a procession which had half-way passed the British bridge when they opened fire on the Shameen with rifles. The Shameen authorities replied and the Chinese suffered severe loss, the number killed and wounded being estimated by some as between thirty and forty, others placing the figure as high as a hundred.

A man who was being rowed in a sampan to the *Sai On* was almost alongside the vessel when he toppled dead in the bottom of the

boat, shot dead. About three o'clock a heavy rainstorm put a stop to further firing, the Cantonese running in all directions.

About six o'clock, foreign residents were seen embarking on the British gunboats. The *Sai On* was delayed in Canton owing to a strikers' meeting of the Seamen's Union, but the men were permitted later in the day to bring the night boats to Hongkong.

The comprador further stated that as the *Sai On* was passing Honam Island on her way to Hongkong he saw large numbers of General Li Fook-lam's troops being transported to the Canton side, but this is not confirmed by the ship's officers. The master of the vessel stated that the *Sai On* herself was too far down the creek to see all that was going on, but considerable firing was heard, and he added that he saw Chinese running in all directions.

The French Victim.

Monsieur J. Pasquier, we are informed, was a prominent Shameen silk merchant and general importer and exporter, holding large interests in the Concession. Over twenty years of his life were spent in the Far East. He was about fifty years of age and unmarried.

In addition to British and American gunboats, there are now at Canton a Japanese destroyer, and three French gunboats, namely the *Altair*, the *Argus* and the *Vigilante*.

REFUGEES FROM SHAMEEN.

600 ARRIVING THIS AFTERNOON.

In view of the undoubtedly grave situation which has arisen in Canton as a result of yesterday's tragic happenings, the authorities have decided upon the removal of the foreign population of the Shameen to Hongkong.

We learn officially, that *s.s.* Honam, which was lying idle at Canton, has been taken over by the authorities and that she is now on her way down to Hongkong with over 600 foreign refugees on board. She has been manned by naval ratings and more particularly by the crew of the U.S. gunboat "Ashville." The vessel is due to arrive here this afternoon just before 3 o'clock, and it is stated that the other boats of the Steamboat Company now idle in Hongkong will, temporarily, be turned into floating hotels for the accommodation of the visitors. Among those being brought down are those who were wounded in yesterday's affair, together with Shameen residents of all nationalities.

Surreys for Shameen.

It is also known that a fairly large contingent of the East Surreys are being sent up to Canton to-night, to mount guard on the Shameen and protect British and other foreign property and interests. The Chinese owned river steamers *Sai On* and *Paul Beau* have been ordered to anchor off Stonecutters and it is conjectured that they are to be used for official transport purposes.

The River Steamers.

There was much speculation here last evening when the boats from Canton failed to arrive shortly before midnight as usual. It

appears that the crews of the boats all went ashore at Canton yesterday to attend a meeting of the Seamen's Union and that after the meeting was over they returned to their boats. But this was not until long after the scheduled departure time. Some of the boats have come into Hongkong this morning.

Shameen's Defences.

From another source, we learn before the fighting broke out, H. M. S. *Moth* was anchored opposite the A. P. C. godown. H. M. S. *Robin* was inside the creek between Shiki and Shameen, the *Vigilante* was stationed just outside the French bridge, whilst the *Altair* took up position in the stream to protect the Customs House. The U. S. S. *Ashville* and a Japanese destroyer had docks cleared for action in the stream between Shameen and Fong Chuen. From an account given by a Shameen resident who came to the Colony yesterday, it would appear that Shameen was well prepared for the emergency. Volunteers and special constables were co-operating with the Marines in the defence of the Concession.

THE CONTROL SCHEMES.

GOOD RESPONSE BY AMERICANS.

On enquiry at the City Hall this morning, our representative was informed that a very large number of Europeans have registered for service and that in every case the desire is expressed to commence duty at once. The American community has enrolled almost to a man.

Mr. N. L. Smith, Food Controller, stated that things are much the same as yesterday excepting that to-day neither beef nor pork can be purchased at the markets. Although Mr. Smith offered to arrange for the slaughtering of pigs and cattle, the stall holders said that they were too frightened to sell. Regarding European food supplies, everything is O.K. and distribution is apparently working smoothly through the various bodies who have volunteered for this work.

Mr. C. McI. Messer (Transport Controller) assured our representative that there are ample transport facilities available and plenty of lorries. Public hire services are able to carry on business as usual. Should the situation warrant it, Mr. Messer stated that he proposed to enrol all Indian chauffeurs for the various transport duties.

CHINESE LABOUR.

DR. S. W. TSO APPOINTED CONTROLLER.

We learn that Dr. S. W. Tso has been appointed Controller of Chinese Labour. His office will be at the City Hall, and any Chinese, whether British subjects or not, who are willing to render essential services are asked to present themselves at this centre.

Chinese who are British subjects and are willing to enrol in the Special Constabulary are also asked to get into touch with Dr. Tso.

EXPORTING MONEY.

A COOLIE CAUTIONED.

A Chinese tea shop coffee appeared before Mr. E. W. Hamilton, at the Kowloon Magistracy this morning, under a new Proclamation issued by the Government on Monday, on a charge of unlawfully exporting \$50 in notes and \$14.60 in Canton silver currency.

Defendant said he was on his way to Canton from Swatow when he was arrested on the train. There were no boats proceeding to Canton direct from Swatow. He was visiting his mother who was invalided and he was not aware of the new order.

His Worship said that he thought this was a case where the law should be enforced and he would forfeit all the defendant's money with the exception of \$5 and caution the defendant on the charge, this being the first case to come under the new order.

NEWS FROM PAKHOI.

A BIG DEMONSTRATION.

(Our Own Correspondent.)

Pakhoi, June 20th. A big demonstration took place here to-day in the town and on the Blue in which the following took part:—Boy and girl students of the British, American, French and German Christian missions, the Chinese Chamber of Commerce, the Merchant Volunteers, armed and unarmed soldiers, half a dozen drum and bugle bands and other Chinese organisations, all carrying large flags. Nearly all the flags bore anti-British and anti-Japanese inscriptions. The chief topic mentioned on these was the suggested abolition of all foreign Consulates in China.

Everything passed off peacefully, and so far no foreigners have been molested here. A boycott against British and Japanese goods is slowly to start, however. News reached here by cable to-day that the British and Japanese Consulates at Kiukiang had been burnt down by the mob, but this moment it is impossible to report is true.

STRIKE IT.

The report that Standard Oil tanker at Chikok yesterday installation at incorrect. The left the ship, composed entirely of crew was and the tanker sailed this morning.

As Excellency the Governor is remaining until the situation becomes normal, the farewell reception arranged for to-morrow has been postponed to a date of which notice will later be given.

We are asked to state that the Dairy Farm's town depot and Kowloon branch will be closed daily from 9 to 10 a.m. in order that the assistants and volunteers may go to breakfast.

Owing to the overcrowding of the Chinese-owned river boats by thousands of Chinese the carrying capacity of these boats has been exceeded and they will not be permitted to leave to-night. The Charles Hardouin was the only Canton boat leaving this morning.

Officially we are informed that the Colony has so far been quiet, there having been no disturbances. Special constables to the number of forty were enrolled yesterday, and Mr. M. H. Turner, who is in charge of this department, would welcome an augmentation of this member.

JAPANESE CHANNEL SWIMMER.

London, June 23. Mr. Setau Nichimura, the Japanese champion swimmer, is in training at Dover for an English Channel swim early in August.—*Reuter.*

CANTON AUTHORITIES WARNED.

Prior to the Outbreak.

The following copy of a despatch addressed by Sir James Jamieson, British Consul General in Canton, to Dr. C. C. Wu, head of the Bureau of Foreign Affairs in Canton, has this afternoon been forwarded us by the Hongkong Government for publication.

Sir,—I learn from sources, which I have every reason to believe to be trustworthy, that, in the course of a patriotic demonstration arranged for to-morrow, the student element intend to make martyrs of themselves by attacking the bridges leading on to Shameen. I am informed that they went to the length of drawing lots as to which association should have the honour of sacrificing itself first in its country's cause, and that the winning number was drawn by the University of Kwangtung.

This story may, of course, be the figment of a fevered imagination, but if, of the other hand, it have any foundation in fact, should action of the place, contemplated and solemnly I have the honourment of to warn the Gough you as Kwangtung, Secretary, their prompt to penetrate any the British Contrate on Shameen will be cessionary force of arms, resist for the conse- and the Government will quod individually and col- be very responsible. As I of the honour to inform ou yesterday I do not, nor have I the right to, protest against any demonstrations which Chinese citizens in Canton may choose to organize, and if there be such I have warned all my nationals to be very careful not to mix themselves up therewith, and in general strictly to refrain from provocative action of any kind in order that the present situation be not exacerbated. Due precautions are however, being taken to guard against acts of mob violence, such as have occurred at Chinkiang, Kiukiang, and Hankow, and should unfortunately they occur here, the blood of those who call upon crowd psychology to commit deeds of violence will be upon their own heads.

I write in this serious strain so that it may not be said hereafter that brutal Imperialist rifles wantonly massacred unoffending Chinese youth. (A copy of this despatch is being sent to quarters where it will remain on record.)

I would in this connection call your attention to the urgent matter of clearing the Shaki creek, with regard to which representations are being made to the Chief of Police and would ask you to be good enough to support them in so far as you may be able to do so.—I have the honour to be, Sir, your obedient servant, (Sd.) J. W. Jamieson, Consul General.

WIMBLEDON TENNIS.

TURNBULL EXTENDS BOROTRA.

London, June 23rd.

The second round of the Men's Open Championship opened to-day in dull weather. In an All-Indian match Jagat Mohanlal beat Jagmohan in three straight sets, 6-2, 6-1, 6-2. The American, Hennessey, disposed of another English competitor, Dicks, losing after a good game. Hennessey won 8-6, 6-3, 6-4.

Turnbull's by the screw services' often centre the French champion, puzzled set saw both players the games going alternate- until Borotra took a game out his turn and won 10-8. The second set went to Turnbull, 7-5 after 5-5 had been called, and the Britisher led 4-1 in the third, 4-0 in the fourth each time to see Borotra overcome his erratic tendencies and finish off the sets brilliantly. The third went to Borotra at 7-5 and the fourth at 10-8. Borotra often footfaulted and quite frequently he slipped and fell full length.

Another English hope went down when the South African, Spence, defeated J. H. P. Wheatley, 6-2, 6-2, 8-6. The Britisher, Eames, took Garland, one of the American visitors, to five sets, the American eventually winning 2-6 6-3 4-6 6-4 6-4. RUBBER PRICES.

THE RESTRICTION POLICY.

London, June 23.

In the House of Commons, arising from the question as to whether, in view of the high price of rubber, the Government intended to make a change in the production restriction policy, Mr. Ormsby Gore stated that the operation of the Stevenson scheme was periodically reviewed carefully. It was not proposed to make any drastic or sudden alteration in what had been the settled policy for the last two or three years. The aim of the restriction policy was to prevent the destruction of a large number of rubber estates which would have gone derelict and out of cultivation altogether and in order to increase production in the long run. Otherwise, the industry would have been destroyed. The special rubber committee which was concerned with the working of the scheme periodically reviewed the situation and it had been under consideration quite recently.

The wedding is shortly to take place of Mr. U. Simpson "Grant Semison, missionary, of St. George's House, and Miss Helen Gayman Hoffman, also a missionary, staying at the same address. A telegram received by the American Consulate General from the Manila Observatory at 6.35 p.m. yesterday states that there is a cyclone or typhoon east of Southern Luzon, moving W.N.W. or N.W.
